Wheat Songs Perry Giuseppe Rizopoulos 2019-10-08 Wheat Songs is a memoir of two interconnected Greek-American journeys—an actual physical journey for the grandfather, Pericles Rizopoulos, and a philosophical quest by the author, Perry Giuseppe Rizopoulos. When the grandfather, Pericles Rizopoulos, a proud old man, tells his fascinating, tragic and true stories of the Nazi occupation of Greece during World War II and the following Greek Civil War, to his twenty-something grandson, Perry Giuseppe Rizopoulos, Perry's philosophical reflections on his grandfather's stories along with his own memories of growing up in his extended Greek/Italian/American family in the Bronx combine to create an enduring story about the strength created by a tightly-knit family and the powerful values passed down from generation to generation.

The Many Panics of 1837 Jessica M. Lepler 2013-09-16 In the spring of 1837, people panicked as financial and economic uncertainty spread within and between New York, New Orleans and London. Although the period of panic would dramatically influence political, cultural and social history, those who panicked sought to erase from history their experiences of one of America's worst early financial crises. The Many Panics of 1837 reconstructs this period in order to make arguments about the national boundaries of history, the role of information in the economy, the personal and local nature of national and international events, the origins and dissemination of economic ideas, and most importantly, what actually happened in 1837. This riveting transatlantic cultural history, based on archival research on two continents, reveals how people transformed their experiences of financial crisis into the 'Panic of 1837', a single event that would serve as a turning point in American history and an early inspiration for business cycle theory.

SCM Studyguide: Preaching Peter K. Stevenson 2017-01-31 Peter Stevenson provides an introduction to the practice of preaching. It is designed for people from various church traditions, in the early stages of ministerial formation. Preaching is a complex and challenging business requiring a demanding mixture of skills. People listening to a sermon have the right to expect that a person who stands up to preach, can interpret the Bible competently, has a grasp of core Christian beliefs, and believes what they preach.

They also expect someone who has the necessary range of communication skills to put the message across in an accessible way. Such a range of expectations presents daunting challenges to the most experienced preacher. Including practical exercises which could be used by individuals or by groups, this book is suitable for introductory courses in preaching or for modules which consider preaching within an overall focus upon leading public worship.

Crossings Walter T. K. Nugent 1992 During the period 1870-1914, the Atlantic was a broad highway for migration. Unchecked by government restrictions, wars, or economic depressions, and aided by the new technologies of steamships and railroads, millions of people uprooted their lives and set off for new lands. Americans understand this story as a great saga of immigrants and assimilation of people drawn to the United States as to the promised land of opportunity. But what lay behind this great migration? And how unique was the American experience? To answer these questions, Walter Nugent looks at this massive movement of people from both sides of the Atlantic. Tracing the migrations of more than a dozen national groups from Europe to the four major New World receiving countries - Argentina, Brazil, Canada, and the United States - Nugent discovers a complex story of crossings and recrossings, of tens of millions of human experiences and decisions. Nugent follows the migrants who left rural Europe for American mines and factories, but he also compares the experiences of Europeans on the very different frontiers of settlement at the far reaches of the four receiving countries. And he discusses the migration of women, not only wives and mothers within migrating families but also individuals seeking a new life on their own. Nugent asks important questions about American uniqueness in the context of transatlantic migration history and about the validity of widely held theories of development. He finds that the history of the great migrations is more complex and subtle than these theories. His superb synthesis broadens the scope and clarifies the details of a fascinating story of enormous social and demographic change.

All Catholics will benefit from its rich commentary, reflection questions, and ideas for living more fully by the "light of faith." Jared Dees—author and seasoned religion teacher—leverages his expertise in education and theology to welcome Catholics into encyclicals in general and this one in particular—which Pope Francis called the "work of four hands" since it completes work started by Pope Emeritus Benedict XVI. Book of Mormon Seminary Home-Study Guide The Church of Jesus Christ of Latter-day Saints 2013-10-22 "The home-study seminary program is designed to help you strengthen your understanding of the gospel of Jesus Christ and apply its teachings in your daily life through a study of the scriptures. For your study this school year, you will first complete reading assignments from the scripture text for this course—the Book of Mormon—and then you will complete the individual lessons. Once a week you will meet with a seminary teacher to submit your work and participate in a weekly lesson. Seminary is a daily religious education program. Prayerfully studying your scriptures should be a daily practice. You will need to work on your seminary assignments each school day, even though you will not attend a seminary class each day. There are 32 units to be completed during the course. The reading chart on page viii shows what you should study for each unit. Your teacher will help you understand when each unit is due. The lessons in this study guide should each take about 30 minutes to complete, in addition to your daily scripture study. You should have two scripture study journals (or two notebooks), separate from your personal journal, in which you will write the assignments from the study guide activities. Each week that you meet with your teacher, you should turn in the scripture study journal containing the completed assignments from the study guide activities you completed for that week. Your teacher will read and respond to the assignments and return that scripture study journal to you the following week. You could also write your responses on paper in a loose-leaf binder and turn in the pages you did that week. Then, when your teacher returns the pages, you could put them back into the notebook."

A Polish Son in the Motherland Leonard Kniffel 2005 "Searching for the remnants of his family, Leonard Kniffel left Chicago in 2000 to live in Poland. A Polish Son in the Motherland is the story of a search for roots and for the reasons why one family's ties were severed more than fifty years ago. Along the way, we see what half a century of communism did to Poland and how the residue of World War II lingers....Poles who emigrated to America, the author concludes, must have been particularly good at assimilating into American culture. Less than fifty years after his maternal grandparents arrived in the United States, barely a trace of their Polishness existed in their grandchildren. Through his grandparents' struggles, their children became American and created a new world for themselves and their descendants."--Jacket flap.

Confronting Injustice without Compromising Truth Study Guide Thaddeus J. Williams 2022-06-28 God does not suggest, he commands that we do justice. Social justice is not optional for the Christian. All injustice affects others, so talking about justice that isn't social is like talking about water that isn't wet or a square with no right angles. But the Bible's call to seek justice is not a call to superficial, kneejerk activism. We are not merely commanded to execute justice, but to "truly execute justice." The God who commands us to seek justice is the same God who commands us to "test everything" and "hold fast to what is good." Drawing from a diverse range of theologians, sociologists, artists, and activists, Thaddeus Williams builds a case that we must be discerning if we are to "truly execute justice" as Scripture commands. Not everything called "social justice" today is compatible with a biblical vision of a better world. The Bible offers hopeful and distinctive answers to deep questions of worship, community, salvation, and knowledge that ought to mark a uniquely Christian pursuit of justice. In the Confronting Injustice without Compromising Truth Study Guide, Williams confronts our religious and political tribalism and challenges readers to discover what the Bible and the example of Jesus have to teach us about justice. He presents a compelling vision of justice for all God's image-bearers that offers hopeful answers to life's biggest questions.

An American Journey Ian Jeffrey 1999 Born in London in 1830, William England spent most of his formative years as a daguerrotypist. As this technique fell out of fashion in the 1850s he abandoned portraiture and, in 1854, joined forces with the newly formed London Stereoscopic Company. As the LSC's chief photographer, England traveled all over Europe. In 1859 he journeyed to the USA and captured the first American views to be published abroad commercially. His atmospheric compositions show early attempts to conquer the North American landscape: the stations and locomotives of the Great Western Railway, bridges under construction over the Niagara Falls, and the extraordinary floating baths in New York harbor. The men and women in his scenes participate in this conquest, climbing waterfalls and boating on the lakes at Niagara, or watching Blondin's famous crossing of the Falls on a tightrope.
