The Neuroscience of Joyful Education // Judy Willis - Psychology ...

Allow independent discovery learning. Thanks to dopamine release and the consolidation of relational memories, students are more likely to remember and understand what they learn if they find it ...

Nonlinear Dynamics in Complexity Quantification

stochastic process. In the second phase, it was of great significance to establish criteria for detecting chaotic dynamics and thus establishing dynamical invariants which were necessary in quantifying chaos. The third step which was to develop machine learning models which could learn the dynamics and chaos from the data of the strange attractor [2]. With respect to this ...
